

RLEUH-PTU Proficiency Test Program F (Fastidious Samples), 2026, Announcing Scheme

Introduction

- ✦ The proficiency testing scheme is operated by Proficiency Testing Unit of Reference lab of University Hospitals.
- ✦ The current program has been established considering the needs of Medical Microbiology laboratories and customers seeking excellence in laboratory services.
- ✦ The programs of the proficiency test are organized within "ISO13528:2015" statistical methods for use in proficiency testing by inter-laboratory comparisons.

- ✦ Eligibility criteria: Medical microbiology laboratories, performing routine culture & sensitivity and supervised by clinical pathologist.
 - ✦ Preparation of test materials is provided externally
 - ✦ The management of the program will be done through RLEUH-PTU website (lab7.entej.com).
 - ✦ Confidentiality is ensured by sending an email with unique program laboratory code for each participant after registration approval.
- For application: Please visit our RLEUH-PTU website (www.rleuh.edu.eg) and follow illustrated PT enrollment process.

Cycle One

September
